PURPOSE

The purpose of this policy is to define the forms of dancing that are acceptable for CFS sponsored events. Because dancing can be a difficult and controversial issue in Christian circles, this policy was developed in order to respect the differing views of CFS membership while facilitating an atmosphere that promotes Christ-likeness and brings glory to God.

DEFINITIONS

Board of Trustees or Board: the body authorized under CFS bylaws to make governance decisions on behalf of CFS.

PROCEDURE

Because we desire to glorify God with a social environment for our students that encourages reflecting the Fruits of the Spirit, the types of dancing allowed at CFS-sanctioned events will be choreographed types of dancing and modest free dancing as approved on a case-by-case basis by the respective event committee leadership. We do not allow couples slow free dancing, however, group free dance is acceptable as approved by the event committee.
