**Procedure:**

Cornerstone Family Schools (CFS) members are only permitted to participate with CFS for sports/competitive activities that CFS offers during each academic year unless an exemption is approved by the CFS board.

- i. Although Cornerstone Family Schools is composed of many individual schools, for league and association purposes, CFS functions as a school unit.
- ii. At times, CFS families may encounter a hardship that necessitates their student/athlete play for an organization other than Cornerstone. \*
- iii. Requests should be submitted each year prior to or along with the membership renewal request, which is due June 1<sup>st</sup>. Upon approval, the student will be allowed to participate with another organization.

\*Renewing CFS members, who were dually enrolled/participated with another organization in the 2021-2022 academic year and have maintained their exemption continually since 2022, may submit an annual request for an exemption to the CFS Board for review.
